# Reports

CDA Software has over 40 years of experience, making sure we give you the correct reporting that your business needs to run profitable and efficiently in six key areas. These key reports give you the precise detailing you are looking for when you run any of our reports.

Reports can also be programmed to run unattended for Deport reporting, as well as running unattended reports on 'Parts Holding for Return'. Setup is as simple as in-putting a few fields, and then you're done. Now, each morning you can have reports show up in your inbox.

Highlights

• Most reports can be downloaded as an Excel and or PDF file; allowing you to quickly share vitial information with your team. Unattened reports can be ran as well.

• **Invoice Reports** - You can run *15 reports* within this category.

• **Work Order Reports** - You can run *16 reports* within this category.

• **Purchase Order Reports** - You can run *3 reports* within this category.

• **Inventory Reports** - You can run *5 reports* within this category.

• **Parts Tracking Reports** - You can run *13 reports* within this category.

• **Vendor Invoice Reports** - You can run *4 reports* within this category.
